Reference: RENEWAL - Peregrine Website Sustainment Agreement

David

Thank you very much for engaging us to enhance your www site and marketing efforts for the last 6 months. We are pleased that you and the Peregrine team are satisfied with our efforts and the completed product. While, during this period, the predominant tasking was enhancing your web site, enabling more potential and existing client contacts, we trust the overall longer term business benefits will continue to be a major factor in Peregrine's growth and success.

Per our discussion earlier this week, we are proposing shifting to sustainment mode, both for the web site and marketing efforts, particularly press release creation and dissemination; driving more and more business to Peregrine.

Also, we will continue our targeted efforts, as agreed, marketing the Peregrine G150 Slat/Flap System heater STC. We have some ideas on other similar efforts and will propose specifics as we solidify these opportunities to help Peregrine business development.

In line with the anticipate arrival of TJ Spitzmiller, engaging TJ in the discussions and planning as early as possible will allow us to work on a mutually beneficial development relationship. Both Lee and I have interfaced with TJ previously and are very pleased he will be returning to Peregrine and are looking forward to working with TJ again.

Please see the attached agreement.

Thanks, again, for letting us be a part of your business.

Very best regards

Hal Adams
