## Peregrine Avionics Investment Opportunity

- Peregrine is one of the most respected STC companies in General and Business Aviation, boasting a blue chip list of loyal customers.
- Its revenues have grown steadily in the past 3 years, almost doubling.
- Peregrine recently adopted an aggressive, five year growth roadmap which will transform it into a vertically integrated, one-stop STC shop.
- One element of the roadmap involves earning its Organization Designation Authorization from the FAA.
- Peregrine now seeks a \$250,000 investment to fund its program plan which will result in obtaining its ODA.
