Dear Matt

We are pleased to propose the attached agreement for AviaGlobal Group providing services to R. A. Miller Industries, Inc. (RAMI). This agreement focuses on facilitating the exposure and opportunities to develop RAMI business in Europe.

AERO Friedrichshafen next week affords an opportunity to launch this project and begin the product and market familiarization with RAMI and AviaGlobal. Forrest Colliver will be attending the show and is available to meet with RAMI next week.

The attached Consulting Agreement has been updated to incorporate the elements developed during our discussions last week at the AEA show.

Thanks for letting us be a part of your business.

Very best regards

/s/
